March 28th & 29th 2019

GAMBLING

1. What is the **legal age** for gambling?
2. Are **gambling debts** recoverable? What documents would be required (for gambling online and on site)?
3. If not, is there a possible alternative way to try to recover gambling debts?
4. Is there a specific **Gambling Winnings Tax** (or are gambling winnings threatened like any other income)?
5. Would the Courts of your jurisdiction **enforce a Monegasque judgement without decision on the merit** (under the common conditions; ie competence, proper notice to the defendant, application of the proper law, absence of provision contrary to the public order)? How long it could take?
